

# MILESTONE

## VICTOR KIM

We are pleased to recognize **Victor Kim** (Russia) for achieving his Capra World Slam Super 30, which he completed in February 2019 with a Sindh ibex from Pakistan. Victor hunted Persian desert ibex in Iran in February 2018 with **ProfiHunt** and

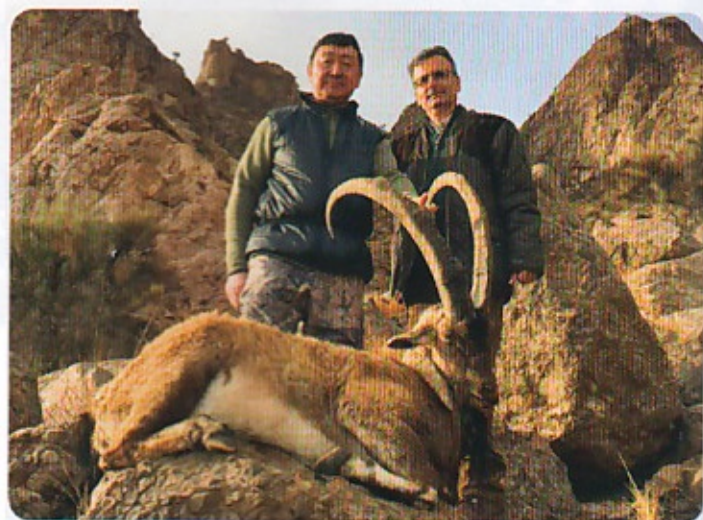

**Jasmin Safaris** and says this was a rather hard hunt and it took two days to find the ibex, which he took with a 400-meter shot. In May 2018 Victor took a Kri-Kri (hybrid) ibex on Dugi Otok Island, Croatia, again with

**ProfiHunt** and **J&P Agent**. He reported seeing many ibex on this relatively easy hunt.

Up next is Victor's Himalayan tahr from Nepal taken in November 2018 with **Pro Hunt Russia**. He writes:

*Sharp rocky mountains, slopes, and thick brush made it a very difficult approach. I was hunting in the Dhorpatan Hunting Reserve.*

Later that month Victor traveled to Slovakia where he added a Low Tatra chamois to his Capra World Slam list with **Hunt Europe, Ltd.**
