Cynthia Smith (NC) with her 2019 Dagestan (Eastern) tur.

Cynthia Smith (NC) took this Caucasian chamois in August 2019. She booked through ProfiHunt.

It was an experience hiking and climbing in the dark from 9,000 up to 13,000 feet, completing one of the toughest hunts in the world for the Dagestan tur! When your guides ask for a day off, you know you've achieved something. The climb for the chamois was steep. I loved being enveloped in masses of wildflowers like I've never seen. The Russian guides were great and made for a wonderful hunt.
